## SECTION 7 – REGULATION FD

### Item 7.01 Regulation FD Disclosure

Our earnings guidance for 2010 provides for a range of potential outcomes and remains at \$2.05 to \$2.35 per share on projected net income of \$73 million to \$83 million, excluding the expected first quarter charge resulting from the Patient Protection and Affordable Care Act (H.R. 3590) as referenced in Item 8.01 of this Form 8-K.

## SECTION 8 – OTHER EVENTS

### Item 8.01 Other Events

On March 23, 2010, the Patient Protection and Affordable Care Act (H.R. 3590), which was subsequently amended on March 30, 2010, was signed into law by the President. The law includes provisions to generate tax revenue to help offset the cost of the new legislation. One of the provisions changes the tax treatment for retiree prescription drug expenses by eliminating the tax deduction for expenses that are reimbursed under Medicare Part D, beginning January 1, 2013. Based on this provision, ALLETE, Inc. (ALLETE) is subject to additional taxes in the future and is required to reverse previously recorded tax benefits in the period of enactment.

Consequently, the elimination of the previously recorded tax benefit is expected to result in a non-recurring charge to ALLETE's net income in the first quarter of 2010 of approximately \$4 million, or approximately \$0.12 per share. We plan to address the impacts of this legislation with our regulators in the near future.
